

**New Jersey Board of Public Utilities**

Division of Energy  
Two Gateway Center  
Newark, NJ 07102  
[www.bpu.state.nj.us](http://www.bpu.state.nj.us)

**NOTICE OF ANTICIPATED VACANCY**

**CHIEF, BUREAU OF MARKET DEVELOPMENT AND SYSTEM RELIABILITY**

The Bureau of Market Development and System Reliability oversees industry restructuring issues, development of energy reliability standards, federal interconnection, and PJM regional transmission matters. Market development includes basic generation supply policy, basic gas supply service policy, customer account services and the monitoring of customers changing energy suppliers. System Reliability includes regulatory oversight associated with the provision of safe adequate and reliable electric distribution services and natural gas supply service.

**Responsibilities:**

Under the Direction of the Director, Division of Energy provides guidance, direction and management in the establishment of policies and procedures regarding the work operations, programs and staff of the Bureau. These include review and oversight of electric distribution systems, development of energy reliability standards, federal interconnection, and regional PJM transmission matters, basic generation supply policy, basic gas supply service policy, customer account services and the monitoring of customers changing energy suppliers.

**Requirements:**

A Bachelor's degree from an accredited college or university. An advanced degree in business, management, administration, or other areas related to the particular position would be helpful.

Candidate must have five (5) years of operational and managerial experience involving the operation and/or regulation within the energy sector, including familiarity with utility regulatory policies, standards and procedures, and PJM.

Evidence of major professional accomplishments is required, as is demonstrated ability in communications and leadership skills.

Demonstrated managerial skills, including such factors as interpersonal skills, decision-making, problem analysis and creative thinking, administrative judgment, delegation, managerial or financial control, interdepartmental cooperation/liaison, development of subordinates and organizational awareness are required.

**Send Resume to:**
